if the MWBE participation level will exceed fail to meet the goals outlined in the contractor's proposal, you must notify the MWBE office immediately at MWBE@doas.in.gov. In the event that the contractor fails to report changes in participation attainment, demonstrate a good faith effort to reach the participation goals, pay the MBE and WBE in a timely manner or satisfactorily resolve any outstanding claims, the department may elect to withhold a disputed amount from the payments due to the contractor, suspend or terminate the contract, recommend suspension of the contractor's certification status with the public works division, and/or suspend, revoke, or deny the MBE or WBE certification and eligibility to participate in the MBE or WBE program per (25 IAC 5-7-8).

This contract embodies the entire agreement between the parties. It may not be modified or terminated except as provided herein or by a written agreement signed by all authorized and required parties. The terms, conditions, and specifications of the original solicitation are incorporated herein by reference and made a part hereof just as if they have been fully set out herein.

Delivery is generally within 30 days after receipt of order.

Extend Pricing to Other Governmental Bodies ☐ **If respondent is bidding on any local governmental entity line item in Bid List.xls, your response must be YES to this question for your bid to be valid.**

1. Will you extend your prices of awarded products or services to other governmental bodies?
- Other governmental body means an agency, board, branch bureau, commission, council, department, institution, office or establishment of (a) the judicial branch, (b) the legislative branch, (c) a political subdivision, which includes towns, cities, school corporations and local governments, (d) a state educational institution.
  - The State DOES NOT accept any responsibility for purchase orders issued by other governmental bodies.
  - All other governmental bodies must be willing to accept bid items as described in the specifications without any changes once the bid is awarded.
- ☒ Yes ☐ No

#### OneIndiana Description and Requirements

In 2005, Governor Daniels launched the Operating with New Efficiency (ONE) Indiana initiative to benefit the State's overall budget. The practices and principles established under OneIndiana continue to be used in solicitations to establish State QPA contracts. In 2008, Governor Daniels OneIndiana initiative was expanded to reach other governmental bodies throughout the State of Indiana. OneIndiana.net is a secure and credentials based website for all State QPA products and services. Hundreds of governmental bodies have the ability to log onto OneIndiana.net to see what products and services are available to them through QPA's. **If you answered "yes" to extending prices to Other Governmental Bodies, please complete the following questions. In order for your awarded products and services to be included in OneIndiana.net, IDA requires a yes response to the questions 1-4.**

1. Do you agree to provide the following data fields in the described format, of awarded products or services to the Department of Administration? An excel spreadsheet template will be provided to you for completion by the Department of Administration upon contract award.
- ☒ Yes ☐ No

Product Category-	This is a <b>required field</b> . The system uses product categories for indexing the catalogs which provides for easier searching for end users.
Item Number-	This is a <b>required field</b> . A SKU or unique internal ID is required for all products. This is not the Manufacturer Part Number or Universal Product Code. This is your internal product code. If you don't have a unique internal SKU system, create an ordered list, giving each product a number: 1, 2, 3, 4, etc. The system will use this item number throughout the system including for ordering, on Purchase Orders, and in reporting.
Unit of Measure-	This is a <b>required field and must reflect the state approved Units of Measure</b> . Examples include: Each (EA), Dozen (DZ), and Carton (CT).
Short Description-	This is a <b>required field</b> . A short, simple description of your product. Include the most relevant keywords that describe your product. The short description is what users will see in search results.
Long Description-	This is a <b>required field</b> . Use this field to provide detailed information regarding your product and its features. Users will see the long description when they click on an individual item to pull up an item detail page.
Keywords-	This is a <b>required field</b> . Use this field to list all relevant words and phrases a user might enter when searching for your product. Separate keywords and phrases in this field by a comma. **The system uses an algorithm to return our search results using a combination of Short Description, Long Description, and Keywords. It is very important to provide as complete of information as possible in each of these fields to ensure accurate placement of your products in our search results.
Sales Rank-	Use this field if you want to list the ranking of you products in order of most sales. When searching, users have the option of sorting by Sales Rank to view the most purchased/popular items a vendor offers.
Weight (lbs.)-	Enter the shipping weight of your product in this field.
Manufacturer Name-	This is a <b>required field</b> . Enter the name of the manufacturer or brand of your product in this field. If you personally manufacture the item, enter your company name.
Manufacturer PN-	This is a <b>required field</b> . Please be sure you are entering the correct manufacturer part number. It is important not to add or delete characters from the actual manufacturer part number.
Manufacturer Desc-	If you want to provide additional information about the manufacturer of the product, enter that information in this field.
Is Assembly Required-	If assembly is required, enter TRUE in the field. If no assembly required, enter FALSE. This will be indicated to the user throughout the system.
Contains Recycled-	More and more consumers want to be aware if products contain recycled material. <b>Material</b> Enter TRUE if your product does contain recycled material. Enter FALSE if it does not.
	This is a <b>required field</b> .
